Governor's Office
Edward G. Rendell, Governor
225 Main Capitol Building
Harrisburg, PA 17120

Dear Governor Rendell:

It has come to my attention that the PA Council on the Arts may be allocated an additional 2 million dollars per year for the next three years as a part of the state budget.

I would like to take this opportunity to inform you of my full support in granting the increase in the budget for the PA Council on the Arts. As you are aware, the PA Council broadens the availability and appreciation of the arts throughout the Commonwealth. This council is overseen by your office. Established in 1966, the PA Council on the Arts has demonstrated its commitment to improving the appreciation of arts and culture in Pennsylvania and deserves our continued support.

If you would like to discuss this in further detail, please do not hesitate to contact my office at 717-783-9087. As always, I thank you for your time and attention to this matter.

Sincerely,

Representative Curt Sonney
4th Legislative District
